Dear Mr. Cantore:

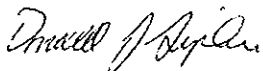

Your projects, *Churchville Avenue - Route 250 Rehabilitation and Railroad Crossing over Route 340 - Delphine Avenue*, submitted by A. Morton Thomas & Associates, will be recognized at the Engineering Excellence Awards Gala on Thursday, February 2, 2012 at the Jefferson Hotel in Richmond. Sponsored by the **American Council of Engineering Companies of Virginia**, the EEA Gala is one of the most visible and prestigious events of the year for the Virginia engineering community. All projects are acknowledged at the EEA Gala, in the ACEC *Virginia* newsletter and multiple media outlets.

We invite you to support your client and the Virginia engineering community through sponsorship and attendance. This is an incredible networking event and a unique opportunity to be visible to clients.

This festive event draws key members of leading Virginia engineering firms along with business and government officials from throughout the Commonwealth. At a time when relationships are more important than ever to your ongoing success, your sponsorship and attendance at the EEA Gala is essential. It gives you valuable exposure to major decision-makers in Virginia's engineering industry. Don't miss this chance to socialize with and support key contacts that affect your business success. It is exceptional opportunity to network to the Virginia engineering community.

Thank you for your support. For details on this event, visit our website at www.acecva.org. If you have any questions, please contact our Executive Director, Nancy Israel, at 804.747.9300. I look forward to greeting you personally at the EEA Awards Gala on February 2 at the historic Jefferson Hotel.

Sincerely,

Donald J. Sipher, PE
President
ACEC Virginia
